

Patient Disclosure

To: Name _____ Date: _____

I, Jeffrey Parker, am a practitioner of classical homeopathy and I am NOT a licensed physician or other healing arts practitioner, nor are homeopathic services licensed by the State of California. I received my initial education, clinical training, and graduation certification from the Homeopathic Academy of Southern California.

Homeopathy is one of the leading health care systems around the world, treating an estimated 500 million people. It offers holistic, low-cost health care through the application of individual remedies chosen from more than 2,500 FDA-approved remedies in the Homeopathic Pharmacopeia of the United States. Homeopathy provides therapeutic, curative and preventative effects based on the Law of Similars (“like cures like”) and a process of potentization that developed from the scientific work of German physician Samuel Hahnemann over 200 years ago.

As a practitioner of classical homeopathy, I will provide you with the following services:

Casetaking: In-depth interview to record your physical, mental and emotional characteristics and symptoms.

Case Analysis & Recommendation: Evaluation and cross-referencing of reported symptoms based upon education, experience, and computer technology. The goal is to identify the remedy/remedies that best matches your symptom picture.

Follow-up: Monitoring your case to evaluate how you improve or change during treatment. Adjustments to remedy and potency aim to achieve the most rapid, gentle and permanent restoration of health.

To use my services, California state law requires that you acknowledge receipt of the information provided in this form by signing it. You will receive a copy. I will keep the original in my records for at least 3 years.

If you ever have any concerns about the nature of your treatment, please feel free to discuss them with me. I recommend that you inform your medical doctor that you are receiving homeopathic treatment. Also, should you wish to discontinue or make any changes to your prescribed medications, I recommend this be discussed with your physician.

My method of treatment, classical homeopathy, is alternative or complementary to healing arts that are licensed by the State of California. Under Sections 2053.5 and 2053.6 of California’s Business and Profession’s Code, I can offer you these services, subject to the disclosures and restrictions described in this document.
